NETWORKING EVENTS | LIFE IP CYzero WASTE

On November 17th 2023, the Department of Environment, Coordinator of the Project LIFE-IP CYzero Waste, and the National Technical University of Athens, Project partner, visited the Center for the Sorting of Waste Electrical and Electronic Equipment (WEEE), in the Municipality of Oreokastro, in the Region of Central Macedonia.

The WEEE Sorting Center was created in the framework of the "LIFE ReWeee" Project, in collaboration with the "Appliance Recycling S.A." company, the Green Fund, as well as the Municipality of Oreokastro. Its aim is both to promote and prepare for the re-use of waste Electrical and Electronic Equipment.

The purpose of the visit was to inform and exchange knowledge, with the aim of ensuring the smooth operation of corresponding infrastructures in Cyprus, which are planned to be implemented in the framework of Action C5 of the LIFE IP CYzero WASTE Project.

NETWORKING EVENTS | LIFE IP CYzero WASTE

On March 5th 2024, the Department of Environment, Project Coordinator of LIFE-IP Cyzero Waste, held a networking meeting with the "Waste Wisely Cyprus" Project, implemented by the IMH company.

In the context of the networking actions of the LIFE-IP CYzero WASTE Project, its objectives, actions and pilot applications were mentioned, with particular emphasis on the actions of preventing the creation of food waste and agricultural waste, which will be implemented, as well as the actions of education, information and raising awareness of the Project, as the possible common ground for cooperation between the two Projects.

The "Waste Wisely Cyprus" Project, aspires to raise awareness among consumers and stakeholders (e.g. HORECA, hotel owners, retailers) about food waste and the economic and environmental impacts, but also to encourage them to take action for the prevention of food waste, through the program "Information Measures for the Common Agricultural Policy (IMCAP) of the European Union".
